Professional Experience

Dec 2021 - Present

QA Engineer

Fashion Cloud GmbH, Hamburg

- I have 5+ years of experience in Manual and Automation testing for Web apps.
- Integrating the QA process into entire software development process and building the QA community in our organization for the best practice.
- Define the scope, test plan, and automation framework architecture for the project using Cypress with Typescript.
- Maintain the automated test with high coding standards, run with the CircleCI pipeline, and support the complete development process.

Mar 2020 - Nov 2021

Testing Engineer (ISTQB Certified)

AnywhereWorks, Chennai (Formerly Full Creative Pvt Ltd)

- Preparation of test plans, test scenarios, and test case documentation based on business requirements specifications/user stories.
- Perform various manual testing like regression, system, integration, usability, and end-to-end testing.
- Design and develop automated testing using Cypress, and WebDriverIO automation tools with JavaScript for web applications and maintain the code with GitHub Actions CI / CD pipeline.
- Maintain the functional automation code with GitHub Actions CI / CD pipeline and support the complete development process.

Mar 2017 - Feb 2020	**Junior Testing Engineer**
	AnywhereWorks, Chennai (Formerly Full Creative Pvt Ltd)

- Preparation of test scenarios, test cases, test data, and execution based on the requirements/user stories.
- Designed and developed automation code from the scratch using Selenium and later we moved to WebdriverIO for better test execution and coverage.
- Experienced in manual and automation testing for Web, API, and Mobile applications for Android & iOS.
- Create and maintain a bug report, track bug's status, analyze the product before release, and deliver high-quality products.

Nov 2016 - Feb 2017	**Software Testing Intern**
	AnywhereWorks, Chennai (Formerly Full Creative Pvt Ltd)

- A good comprehension of the manual and the basics of test automation.
- Perform functional, regression, exploratory, and performance testing.
- Writing highly efficient manual test cases and creating a bug report.
- Possess good interpersonal and communication skills.
